

Customer Onboarding Process

Ensuring every customer starts their journey right.

Prepared By	Approved By	Review Date	Department
Milkah Muchunu	[Manager Name]	May 2027	Customer Experience

1. PURPOSE

This Standard Operating Procedure outlines the end-to-end process for onboarding new customers at [Company Name]. It ensures every customer receives a consistent, compliant and welcoming experience from initial application through to full account activation.

2. SCOPE

- All customer-facing and operations staff involved in the onboarding process
- New individual and business customers across all product lines
- Remote and in-person onboarding channels

3. KEY DEFINITIONS

Term	Definition
KYC	Know Your Customer — the process of verifying the identity of a customer
AML	Anti-Money Laundering — regulations preventing financial crime
CRM	Customer Relationship Management system used to track all customer interactions
SLA	Service Level Agreement — the agreed timeframe within which a task must be completed
Escalation	Referring a case to a higher authority when it cannot be resolved at first contact

4. ROLES & RESPONSIBILITIES

Role	Responsibility
------	----------------

CX / Onboarding Agent	First point of contact; collects documents, verifies identity, guides customer through onboarding
Compliance Officer	Reviews KYC/AML checks; approves or flags high-risk customers
Operations Lead	Oversees process adherence; resolves escalations within SLA
IT / Systems Admin	Provisions customer accounts and system access credentials

5. REQUIRED DOCUMENTS

◆ Individual Customers

- National ID, Passport, or Government-issued photo ID
- Proof of address — utility bill or bank statement (not older than 3 months)
- Passport-size photograph
- Completed onboarding application form

◆ Business Customers

- Certificate of Incorporation
- Business registration documents
- Directors IDs and KYC documents
- Proof of business address
- Board resolution authorizing account opening

6. ONBOARDING PROCESS

01 Initial Customer Contact

Greet the customer, explain the onboarding process, provide the application form, and answer all questions before proceeding.

02 Document Collection & Verification

Collect all required documents, verify authenticity against originals, cross-check details, flag discrepancies, and upload to CRM.

03 KYC & Compliance Screening

Submit customer details for KYC screening, run AML checks against sanctions lists, escalate if flagged, and document all outcomes.

04**Account Creation & Activation**

Upon compliance clearance, create the account, assign a unique customer ID, and securely deliver login credentials.

05**Customer Welcome & Handover**

Schedule a welcome call, walk the customer through the platform, introduce their account manager, and close the ticket in CRM.

7. SERVICE LEVEL AGREEMENTS

Task	Standard SLA	Escalation SLA	Owner
Document collection & verification	Same day	24 hours	CX Agent
KYC/AML screening	24 hours	48 hours	Compliance
Account creation & activation	24 hours	48 hours	IT Admin
Full onboarding completion	3 business days	5 business days	Ops Lead

8. ESCALATION PROCEDURE

Escalate immediately when any of the following occur:

- Customer fails KYC or AML screening
- Suspicious or inconsistent documents are submitted
- SLA has been breached or is at risk of being breached
- System errors prevent account activation

Level 1	Level 2	Level 3	Level 4
CX Agent	Operations Lead	Compliance Officer	Management

9. QUALITY CONTROL

- All onboarding files reviewed by a second agent before account activation
- Weekly audits of onboarding records to ensure compliance
- Monthly reporting of onboarding volumes, SLA adherence, and escalations
- Customer satisfaction surveys sent 3 days after onboarding completion

10. DOCUMENT CONTROL
